

Revision Date: <b>June 2017</b>	<b>PROBUS ENGINEERING AND CONSTRUCTION QUALITY POLICY STATEMENT</b>	Revision: <b>00</b>
------------------------------------	---	------------------------

Probus Engineering and Construction Pte. Ltd. (PEC) is fully committed to the quality objectives documented in its Quality Policy and Quality Manual.

PEC will deliver fit for purpose facilities, products, and services according to a known and specified scope, quality, cost and schedule, which meet or exceed the expectations of its customers.

PEC will put in place appropriate management systems, controls and resources, which meet the requirements of interested parties and apply industry best practice of ISO 9001 to allow it to manage its business both effectively and successfully.

PEC will ensure that its objectives, management systems and controls, are fully documented, widely communicated, and fully understood by all staff and key subcontractors.

PEC will ensure that training requirements are identified and initiated to ensure that people are competent for the tasks defined in their job descriptions and for the effective application of the management systems.

PEC will establish a system of audits and management reviews to ensure that its policies are both appropriate and effective.

PEC will implement any identified corrective actions in a timely manner, to ensure continuous improvement of business processes and customer satisfaction.
